FOR HOTELS, RESORTS AND CONCIERGE TEAMS

Private flights for *your guests.*

When a guest asks about a private flight, you can pass the request to us. We place it with one trusted charter partner, who sends a proposal directly to the guest.

HOW IT WORKS

1 **Send the request**

The guest or your team fills in the request form at halvett.com.

2 **Confirmation at once**

A confirmation with a reference number arrives straight away.

3 **A personal proposal**

Our charter partner contacts the guest directly with aircraft options and price, normally within a few hours and by the next working day at the latest.
