FOR HUNTING TRAVEL AGENCIES, OUTFITTERS AND ESTATES

Private flights for *hunting parties.*

When a hunting party needs to reach an estate far from the airline hubs, send the request to us. We place it with one trusted charter partner, and the proposal comes back to you.

HOW IT WORKS

1 **Send the request**

Fill in the request form at halvett.com with the journey, the size of the party and your own contact details. Mention firearms, dogs and equipment in the notes.

2 **Confirmation at once**

A confirmation with a reference number arrives straight away.

3 **The proposal comes to you**

Our charter partner replies to you with aircraft options and price, normally within a few hours and by the next working day at the latest.

WHAT WE ARRANGE

- The whole party on one aircraft
- Regional airports close to the estate
- One-way, return and multi-leg journeys

WHY HALVETT

- More than 30 years in private aviation, both in the cockpit of business jets and as a charter broker.
- Firearms, dogs and equipment: tell us in the request, and our partner confirms what is possible on each flight.
- One partner, never a marketplace. Client details are not sold, listed or passed on beyond the enquiry.
- Free of charge and without obligation for you and your clients.
